b)Qualifying Procedure

-The standard is 6200. Normal field limit is 18. Athletes who attain the standard will automatically be included in the event, provided they enter and declare.

-Additional athletes will be included in the event only if additional competitors are needed to make the event competitive (i.e., not enough athletes have attained the standard).

-Athletes must declare, and they may be invited for inclusion only after the close of declarations.

-The field sizes listed are the desired minimum of participants, and the Games Committee will try to fill the field to the minimum provided there are enough athletes entered and qualified without the quality of competition being affected. The Men's and Women's Track & Field Chairs may alter the field size as necessary.

Qualifying Guidelines

Qualifying marks must be made and verifiable in one of the following:

-USATF- or IAAF-sanctioned events that prescribe to or exceed USATF competition rules, events at collegiate meets that prescribe to or exceed USATF competition rules, high school meets, except duals and triangulars, or meets or events that meet a minimum for competitiveness set by the Chair of the Sport Committee and determined to be valid by the USATF staff member responsible for verification.

-Fully automatic timing (F.A.T.) is the only method of timing acceptable for qualifying marks for events equal to or shorter than 400 meters. A manual time may only be used for qualifying for events of 800 meters and longer only if no F.A.T. time is available. No timing allowance for qualifying will be made for hand times.

-Wind-assisted performances will not be accepted. Wind readings of +2.0 or higher will not be accepted for all relevant events except the combined events, which is wind aide if one or more marks is greater than 4.0 *and* the mean is greater than 2.0

-There is no adjustment for altitude.

-All qualifying marks must be attained between January 2, 2016 and June18, 2017.

-All qualifying performances are subject to verification.

-Special Qualifying Regulations

Automatic Qualification [USATF Rules 10.3(b)i and 10.3(b)ii]
