## **SECTION ONE: Basic Info:**

- a) Time Schedule
- b) Qualifying procedures
- c) List of Qualifiers
- d) Web sites which will provide results
- e) TV coverage

### **a... Time Schedule**

Friday, June 27, 2008

1:00 pm      100 m Hurdles  
1:55          High Jump  
4:20          Shot Put  
6:00          200 meters

Saturday, June 28, 2008

2:00 pm      Long Jump  
3:20          Javelin  
5:24          800 meters

### **b) .....Qualifying Procedure**

"A" and "B" Standards    A standard is 5750, B standard is 5500. Field limit is 18.

"A" - athletes who attain the "A" standard will automatically be included in the event, provided they enter and declare. \*

"B" - athletes who attain the "B" standard will be included in the event only if additional competitors are needed to make the event competitive (i.e., not enough athletes have attained the "A" standard). \*

\* - subject to the Qualifying Guidelines, entry process, and declaration process. If the "B" standard is used, only the number of athletes needed to make the event competitive will be included. These athletes must declare, and they may be invited for inclusion only after the close of declarations.

The field sizes listed are the desired minimum of participants, and the Games Committee will try to fill the field to the minimum provided there are enough athletes entered and qualified without the quality of competition being affected. The Men's and Women's Track & Field Chairs may alter the field size as necessary.

#### **Qualifying Guidelines**

All qualifying performances for running events must be made in competition on a standard outdoor track or during the 2008 indoor season on an indoor track in the same event; Qualifying marks must be made and verifiable in one of the following:

-USATF- or IAAF-sanctioned events that prescribe to or exceed USATF competition rules, events at collegiate meets that prescribe to or exceed USATF competition rules, high school meets, except duals and triangulars, or meets or events that meet a minimum for competitiveness set by the Chair of the Sport Committee and determined to be valid by the USATF staff member responsible for verification.

-Fully automatic timing (F.A.T.) is the only method of timing acceptable for qualifying marks for events equal to or shorter than 400 meters. A manual time may only be used for qualifying for events of 800 meters and longer only if no F.A.T. time is available. No timing allowance for qualifying will be made for hand times.

-Wind-assisted performances will not be accepted. Wind readings of +2.0 or higher will not be accepted for all relevant events except the combined events, which are allowed up to a +4.0 wind reading. There is no adjustment for altitude.

-Qualifying marks must be attained in events being contested at the Olympic Trials, except in specific cases involving the Special Qualifying Regulations listed below.

-All qualifying marks must be attained between January 1, 2007 and June 15, 2008.

-All qualifying performances are subject to verification.

-Each qualified entrant in each event must submit a best 2008 season (June 15, 2007 - June 15, 2008) mark if one exists, whether it meets the qualifying standard or not. Seeding for the first round of competition is based on all 2008 season performances ranked before any 2007 season performances, even if they do not meet the qualifying standard (see Rule 75). A 2007 season mark may get an individual into the competition, but will not be used for seeding purposes when a 2008 season mark exists.

### ***Special Qualifying Regulations***

Automatic Qualification [USATF Rules 10.3(b)i and 10.3(b)ii]

A Track & Field athlete is eligible for automatic qualification into the Olympic Trials in the same event if that athlete has:

-Earned an individual medal in an Olympic Games or in an IAAF World Indoor or Outdoor Championships during the year 2008, or during the four previous calendar years (2004, 2005, 2006, 2007)

-Won an individual 2007 USA Outdoor Track & Field Championship event

All athletes who are allowed entry into the Olympic Trials by the special qualifying regulations must submit an entry and follow the same declaration procedures as all other Olympic Trials qualifiers.

Athletes entering as "automatic qualifiers" should list any qualifying performance details on their official entry form. Athletes whose entry into the Olympic Trials is based solely on the "automatic qualification" provision are not eligible to receive funding based on the automatic qualification alone.
