b)Qualifying Procedure

"A" and "B" Standards A standard is 7900, B standard is 7600, Field limit is 18.

"A" - athletes who attain the "A" standard will automatically be included in the event, provided they enter and declare. *

"B" - athletes who attain the "B" standard will be included in the event only if additional competitors are needed to make the event competitive (i.e., not enough athletes have attained the "A" standard). *

* - subject to the Qualifying Guidelines, entry process, and declaration process. If the "B" standard is used, only the number of athletes needed to make the event competitive will be included. These athletes must declare, and they may be invited for inclusion only after the close of declarations.

The field sizes listed are the desired minimum of participants, and the Games Committee will try to fill the field to the minimum *provided* there are enough athletes entered and qualified without the quality of competition being affected. The Men's and Women's Track & Field Chairs may alter the field size as necessary.

Qualifying Guidelines

1. All qualifying performances for running events must be made in competition on a standard outdoor track or during the 2008 indoor season on an indoor track in the same event; qualifying performances for walking events must be made on a USATF-certified road course, standard outdoor track, or an international road course certified by the appropriate authority.
2. Qualifying marks must be made and verifiable in one of the following:
 - a. USATF- or IAAF-sanctioned events that prescribe to or exceed USATF competition rules,
 - b. events at collegiate meets that prescribe to or exceed USATF competition rules,
 - c. high school meets, except duals and triangulars, or
 - d. meets or events that meet a minimum for competitiveness set by the Chair of the Sport Committee and determined to be valid by the USATF staff member responsible for verification.

3. Fully automatic timing (F.A.T.) is the only method of timing acceptable for qualifying marks for events equal to or shorter than 400 meters. A manual time may only be used for qualifying for events of 800 meters and longer only if no F.A.T. time is available. No timing allowance for qualifying will be made for hand times.
4. Wind-assisted performances will not be accepted. Wind readings of +2.0 or higher will not be accepted for all relevant events except the combined events, which are allowed up to a +4.0 wind reading. There is no adjustment for altitude.
5. Qualifying marks must be attained in events being contested at the Olympic Trials, except in specific cases involving the Special Qualifying Regulations listed below. An appeal to use a mile qualifying mark for the 1500m will be accepted only if a) no 1500m qualifying mark exists, b) the mile mark was made during the 2008 season, and c) the mile mark is equivalent to the 1500m "A" standard (3:54.40 for men and 4:28.20 for women).
6. All qualifying marks must be attained between January 1, 2007 and June 15, 2008.
7. All qualifying performances are subject to verification.
8. *The mark used for qualifying and the mark used for first round seeding might not be the same.* Each qualified entrant in each event must submit a best 2008 season (June 15, 2007 - June 15, 2008) mark if one exists, whether it meets the qualifying standard or not. Seeding for the first round of competition is based on all 2008 season performances ranked before any 2007 season performances, even if they do not meet the qualifying standard (see Rule 75). A 2007 season mark may get an individual into the competition, but will not be used for seeding purposes when a 2008 season mark exists.

Special Qualifying Regulations

Automatic Qualification [USATF Rules 10.3(b)i and 10.3(b)ii]

A Track & Field athlete is eligible for automatic qualification into the Olympic Trials in the same event if that athlete has:

- Earned an individual medal in an Olympic Games or in an IAAF World Indoor or Outdoor Championships during the year 2008, or during the four previous calendar years (2004, 2005, 2006, 2007)
 - Won an individual 2007 USA Outdoor Track & Field Championship event
 - For automatic qualification purposes only, the indoor 60m, 60m hurdles, mile, and 3000m distances are interchangeable with the outdoor 100m, 100m/110m hurdles, 1500m and 5000m, respectively
- A Race Walk athlete is eligible for automatic qualification into the Olympic Trials if that athlete has during 2008, or during the four previous calendar years (2004, 2005, 2006, 2007) accomplished one of the following:
- Earned an individual medal in an Olympic Games or in an IAAF World Indoor or Outdoor Championships
 - Won an individual event at a USA Indoor or Outdoor Track & Field Championships
 - Won a USA 50 km Race Walk Championship
 - Won a USA Olympic Trials event

Athletes may only enter the event in which they have won a medal except for the 50 km Race Walk Champion.

All athletes who are allowed entry into the Olympic Trials by the special qualifying regulations must submit an entry and follow the same declaration procedures as all other Olympic Trials qualifiers.

Athletes entering as "automatic qualifiers" should list any qualifying performance details on their official entry form. Athletes whose entry into the Olympic Trials is based solely on the "automatic qualification" provision are not eligible to receive funding based on the automatic qualification alone.

In **2008**: Captured IAAF World Indoor heptathlon (6371) in Valencia. In **2007** dnf's at USA champs after placing third at Götzis with 8493 in spite of discus snafu. Bryan opened **2006** outdoor season with a victory at Götzis (8677), the first American victory there ever. He had been runner-up at the IAAF world indoor heptathlon. 'Dnf'd at USATF in Indianapolis due to dehydration.

Bryan's **2004** year was a dream. Not only did he capture the US Olympic Trials with a PR score of 8660, but he then won the silver medal at the Olympic Games in Athens behind Roman Sebrle with an 8820 score, becoming America's 23rd Olympic decathlon medalist. Of Americans, only Dan O'Brien has ever scored more. Bryan then was 2nd (again to Sebrle) at France's DecaStar to capture 2nd in the IAAF Grand Prix Combined Events Challenge. And only at 25!

2005 was even better as Bryan won a 2nd USA championship (using a world best 55.87m discus sling in the process) followed by the IAAF world title in Helsinki (8732 pts), all of which notched him a #1 world ranking for the season. He opened the **2006** campaign with a silver medal at the IAAF indoor championships in Moscow.

Bryan was 1999 National USATF Junior champion and Pan-American Jr Champion as freshman at Azusa Pacific where he is coached by Kevin Reid. As a sophomore (2000) he was both NAIA indoor pentathlon and outdoor decathlon champion.

Made dramatic breakthrough in April, 2001 with 7980 PR win at Mount SAC Relays, then placed an eye-opening 3rd at the USATF nationals. Injured he dnf'd the IAAF Worlds in Edmonton and was 13 a World University Games in Beijing, China. In 2002, after knee surgery in April, he recovered quickly and was 2nd at USATF nationals with PR 8230, the nation's leading collegiate score.

He opened the 2003 campaign with a world leading 8225 effort at Atlas then made the USATF champs a 'breakthrough' affair getting 8482 points behind Tom Pappas. It earned him a world ranking. A leg injury curtailed his IAAF world champs meet.

Bryan opened the 2004 indoor meet with a 3rd at Estonia's Reval Cup and then was runner-up at the IAAF world champs in Budapest with an eye-opening 6365 score. He notably upped his long jump PR to 8.05m/26-5 in June, 2004. Has won 10 of 26 career meets.

Has won the last two USA national titles (2006-07) and has won a record tying title overall. Injuries have bedeviled the 2003 IAAF world champ. A ruptured plantar fascia in his left foot felled him in Athens. The foot healed by early 2005 and he resumed training when his left shoulder gave him trouble. He had an operation which effectively wiped out the 2005 season. An MRI revealed further problems in mid-2005 (torn labrum) and another operation was necessary. In 2005 Tom married heptathlete Kim Schiennz in 2005 and they welcomed a daughter in 2006. Put ten workmanlike marks up at USATF champs and came away with 4th national crown in 2006.

Tom had shoulder surgery in early 2004, conducted a modest indoor season, then opened the outdoor campaign with a 8732 effort (2nd) place at Gotzis, Austria, 110 down on Roman Sebrle. His 2nd day in Gotzis was a lifetime best and included a PR 13.90 hurdles. He then made a second U.S. Olympic team with an 8517 effort in Sacramento behind Bryan Clay. His left foot problems surfaced in Athens ruining any Olympic medal chance.

Tom won the IAAF World indoor heptathlon in Birmingham, UK in March, 2003 then opened outdoor season with PR 2nd place finish at Gotzis, 8585. He followed with a huge PR 8784 win at the USA nationals in Palo Alto to become the #2 scoring American ever (behind Dan O'Brien). In the 2003 Nationals Tom became the first man in history to jump over 26 feet (long jump), over 7-0 (high jump) and over 17-0 (Pole vault) in the same meet. He then captured the IAAF outdoor world championships in Paris becoming the first decathlete to win indoor and outdoor world titles in the same season. He also won the IAAF Combined Events Challenge for 2004.

2002 was a super season for Pappas as he won 3 of four major meets (USA nationals-his 2nd title), USA vs Germany and DecaStar in Talence, France. His only loss was an opening season meet to world record holder Roman Sebrle in Gotzis. He turned the table on the world's lone 9K man at the end of the season in France. For his efforts he was ranked #2 in the world. Tom also achieved a bit of notoriety in 2002 by becoming the first to win both USA indoor and outdoor titles in the same season and, at Gotzis, became the first decathlete in history to jump 25-0, 7-0 and 17-0 in the three jumps.

In his freshman year at Lane Community College the lanky Pappas won the national and Pan-Am junior titles. He repeated as conference champ a year later, then transferred to the University of Tennessee. Coached by Bill Webb, he filled out and won the SEC crown in '97 but an injury relegated him to 8th at the NCAA meet. Tom red-shirted in 1998 in favor of knee surgery. As a Volunteer senior he opened eyes indoors then posted a collegiate record (8463) at the opening outdoor meet getting 8 PRs impressing both Dan O'Brien and Daley Thompson.. A heel bruise slowed Tom yet he had little problem winning the NCAAs (8184) and finishing 2nd at USATF (8187).

2000 saw Tom win the US Olympic Trials with a PR 8467 then finished a solid 5th at the Sydney Olympic Games, beating both world record holder Thomas Dvorak/CZE and Atlanta silver medalist Frank Busemann/GER. Shoulder operation in early, 2001, only competed in first 7 events at USA nationals. Then placed 3rd in season's only completed decathlon, the Goodwill Games. Tom won the 2002 indoor USATF heptathlon title and outdoor title, after getting a PR with 2nd place effort at Gotzis, 8583.

Brother Paul (U of Oregon) scored 7303 in '97, and younger brother Billy (7745) make the Pappi the highest scoring family in American history (ave 7953). Tom and Billy took over the brother-brother world lead in mid '03, with 16,529 points.
