

## DECA ADDENDA

### New meets, IAAF standings, Women's Dec

**Hello Again...** This *Newsletter* is a catch-up affair with lots of random information. First, for those looking for a final USATF qualifier, see the insert below of upcoming meets. Any additional qualifiers would alter the next table.

The USA nationals at Drake University in Des Moines is scheduled one week prior to the Pan American Games in Lima, Peru, and two names may be deleted from the list below to fill those spots.

Eight of the athletes are already retired and four have serious injuries. USATF website notes the accepted field will be 16 deep. Twelve have met the auto standard of 7800 points but four of those are either retired or injured.
